## Kids World Track

Those that choose to be part of our **Kids World Internship** have the opportunity to learn nearly every aspect of this exciting ministry. Our desire for you as an intern is not only for you to share the heart of Kids World, but to envelope you into the ministry and do all we can to grow you in your gifts and in leadership.

Throughout the program you will learn firsthand, the inner workings of what makes a great kids ministry. You will gain hands-on experience in planning, organizing, team-building, leading – and increase in knowledge and skills to the point you are overseeing the entire Kids World program at one of our campuses – or off campus at a sister church.
